

Boost Your Workforce Skills

Quality Assured Accreditation and Certification

Proskills Global can improve your workforce skills level and put you at the heart of vocational training development.

Accreditation & Course Mapping

We can map your current in-house training programmes to robust frameworks. Not only do you ensure you're content is up to date and meeting current legislation, but you're also giving your workforce a higher standard of learning.

Certification

Through undertaking our course mapping programmes you will then be able to utilize our internationally recognised certification services. Adding value and accreditation to your certificates whilst letting us take care of the production and issuing.

Quality Assurance

Our QA scheme is a simple and fast process which ensures you are delivering services which meet our requirements for certification.

Why be Quality Assured?

- ✓ Your clients are reassured that what you deliver is to a high standard
- ✓ It separates you from your competitors giving you commercial advantage
- ✓ Supports your ambition to be the best in what you do
- ✓ Enables external recognition for your high quality delivery
- ✓ You are part of a wider network of training providers
